

SITE VISIT TO GANGEWADIYA – Environmentally Sensitive Areas (ESAs)

Eluwankulama entry point to Kala Oya.

Officials of Ministry of Environment and UNDP organized an observation visit to monitor the Eluwankulama entry point. Development activities has been completed to regularize ecotourism in the area and to minimize harmful impacts to the environment.

Gangewadiya Ecotourism Destination

Ecotourism has been regularized by developing guidelines, standards and training tour guides in the area. Inter-agency coordination is well established through the district facilitation committee.
